Review of last meetings minutes

No matters arose from the previous meetings minutes.

Point 4

It was noted that the Ofsted result was fantastic and Delius were very happy with the outcome. There was some slight concerns around transitions and touch cues. RC confirmed that the P Levels are statutory until the Rochford review. The recommendation is they become none statutory but we can still use them.

Point 5

Drugs & Alcohol Policy

The Policy was reviewed, there were no changes to be made and the policy was approved and will be taken to the FGB on 17.07.17.

Point 6

EYFS Policy & KS1 Scorecard

The Committee read through the Policy but the one that we had had formatting issues. CLH to get the correct version of the EYFS Policy and circulate to all T & L Committee members to read in preparation of the next meeting where the policy will again be reviewed.

Safe Happy Learning

However RC commented that the scorecard presented to Ofsted was from February. On the whole we are meeting targets – but are falling short on PSHD. Next Scorecard available will be after the ½ term holiday. We hope to be at 60% as all indicators are looking good. Will present scorecard at the next meeting before the next FGB meeting on 17.07.17

Point 7
